Dining, Eat

You'd think that restaurant openings would slow down as we start to 'wind down' for December — well, think again. This time of year simply encourages everyone to start opening more and more venues in a bid to outdo each other before the year lets out. And who are we to complain?

From exciting re-openings to brand new concepts from the likes of Michelin-starred chef Philippe Orrico and Maximal Concepts, check out our list of the most exciting new *Hong Kong* restaurants to visit this month.
